Response to Amendment

1. This Office action is responsive to Applicant's amendment received on January 5, 2004.

Claims 1-3 and 5-6 are pending.

2. Applicant has successfully overcome the objection to the specification and the 35 U.S.C. 112, second paragraph, of claims 1-3 and 5-6. The 112, second paragraph, rejection of the claims has accordingly been withdrawn. An objection to the drawings, however, follows.

Drawings

3. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because newly added Figure 5 is not mentioned in the specification. Applicant is requested to provide both a brief description of Figure 5 in the section entitled "Brief Description of the Drawings" and a detailed description of Figure 5 in the appropriate section.

A proposed drawing correction, corrected drawings, or amendment to the specification to add the reference sign(s) in the description, are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

4. Claims 1-3 and 5-6 are allowable over the prior art of record.
